In Honor of Major Eugene Olson, our past Commander

Major Olson giving out promotions and awards.

He died October 21, 2010 while being survived by his wife, LtC Vivian after 23 years of marriage. He served in many positions in the Civil Air Patrol which included Commander of the Pinellas Senior Squadron. He taught classes in Aerospace Education, Ground Team Search and Rescue Training and Urban Direction Finding. He was a private pilot and mentored many cadets or young people. He was a friend to many, helping out any way he could. He will be missed certainly by members of the Civil Air Patrol who often looked to him for solutions and his personal friends who knew and respected him.

Major Olson helping a student.
